A virtual summer internship program at Pantech Prolabs in the domain of Web development.

Projects

To-do list | *HTML, CSS, JavaScript*

- The "To-Do List" project is an intuitive task management application crafted to aid in prioritizing and tracking essential tasks effectively. Leveraging HTML, CSS, and JavaScript technologies, it provides a seamless user experience, allowing for task creation, updates, and completion. This project showcases my proficiency in front-end web development and my commitment to developing practical solutions for productivity enhancement.

HTML-EMail Form | *HTML, CSS, JavaScript*

- The "HTML-Email Form" project features an HTML form enabling direct message transmission to an email address. Employing HTML, CSS, and JavaScript, it demonstrates proficiency in front-end web development, facilitating efficient communication solutions.

Pomodoro Timer | *HTML, CSS, JavaScript*

- The "Pomodoro Timer" is a productivity tool for time management, alternating between focused work intervals and rest periods. Developed with HTML, CSS, and JavaScript, it showcases my proficiency in front-end web development and commitment to enhancing productivity.

Personal Portfolio Page | *HTML, CSS, JavaScript, ReactJS*

- The "Personal Portfolio Page" is a meticulously crafted online platform showcasing personal information and achievements. Developed using HTML, CSS, JavaScript, and ReactJS, it highlights my expertise in front-end web development and dedication to creating captivating digital experiences.

Technical Skills

Languages and Technologies: HTML, CSS, JavaScript, C/C++ language, Python language, MySQL, ReactJS

Concepts: Operating System, Database Management Systems, Artificial Intelligence, Machine Learning (Basics), Data Structures, Object Oriented Programming, Software Development Life Cycle (SDLC)

Soft Skills

Problem Solving and Critical Thinking, Adaptability and Flexibility, Time Management and Prioritization, Teamwork and Collaboration, Leadership and Decision Making

Achievements

- Solved over 150 questions on HackerRank, showcasing proficiency in problem-solving and algorithmic skills.
- Successfully tackled more than 100 challenges on CodeChef, demonstrating a strong understanding of coding concepts and techniques.
